Dear Steve

A friend of mine wishes a catalogue of the Corcoran Art Gallery, will you kindly send me the latest edition of same with price and I will remit the amount. Will you also inquire if a catalogue of photographs is published of the paintings in this gallery, and let me know the cost of same?

G.P. (Gross Papa) concludes that your western trip is indefinitely postponed, because you have not started yet, how is that?

Had an interesting letter from Lizzie yesterday from Rome, which proves of great interest to her.

If the above photoes are made let me know what size
they are and oblige

Yours truly

Hazzie.

My dear Doctor - The above explains itself.
Will you be good enough to give me the
desired information and oblige

Washington, D. C. April 7/90.

To the Comt. on Works of Art,

Gentlemen.

I respectfully ask authority to order casts of the two *Morae* and of *Hestia*, which with the casts we have, will complete all known to exist of the statues which formerly stood in the east pediment of the Temple of Minerva at Athens. and enable us to arrange them exactly as they stood in the pediment, making an interesting & educational feature of the cast room.

The cost of the casts in England will probably be \$125.

Very respectfully
